

# Ballara RECEPTIONS

## Diamond Package Suppliers

Ballara Receptions have created the Diamond Package for couples who would like more elements organised through their reception package. We will book these suppliers in for you, but please do not contact the cake suppliers until 4-6 months prior to your wedding. With the florist if you would like to get a quote for your own personal bouquets you can contact them directly, sooner rather than later, to ensure they have availability to assist you beyond what is included in the package.

When you come to see us for final arrangements approximately four months before the wedding, we go through the details in regards to all the components of the Diamond Package

### Flowers:

As part of the package, you have the choice to select which centrepiece style you prefer. For example, some of the options we have available are:

- the 5 arm candelabra,
- the tall towers,
- a rose bowl posy etc.

These all come with a mix of greenery plus you get to choose an accent colour of your choosing. (e.g. accent of pale pink, or yellow, or lilac purple etc).

You can organise this all through Ballara at your final arrangements appointment, or you are welcome to go directly to Lillypad if you wish to customise your colours or design further. Some couples also like to do hanging installations, fresh flowers for the ceremony, fresh rose petals for group photos etc which can all be organised through Lillypad too.

Bouquets, buttonholes etc can also all be ordered with Lillypad so that your bouquets match perfectly with your reception room colours.

## Wedding Cake:

As part of your Diamond Package at Ballara, your wedding cake is included.

You will get to personalise the design of the cake by selecting:

- shape (e.g. round or square cake),
- flavours (e.g. a different flavour on each tier or all the same),
- icing (e.g. fondant, buttercream, ganache, naked finish etc),
- decorations (e.g. a colour trim to match your flowers/colour scheme, or a string of pearls or sparkly diamantes).

You are welcome to customise the design, add additional tiers or style items and pay the difference directly to the cake company. You can do the appointments via email or in person at their Design Studio.

We will then organise the delivery and set up of your cake. We will have a cake box for the top tier if you wish to save it and will have cake bags available for guests too.
